

7th International Symposium on JMML, myelodysplastic syndrome, and bone marrow failure Aarhus, Denmark, October 1 to 3, 2015

Keynote speakers

- Irith Baumann**, Böblingen, Germany. Morphologic diagnosis of RCC vs. SAA
Hélène Cavé, Paris, France. Myeloproliferation in persons with germline rasopathy
Inderjeet Dokal, London, UK. Familial MDS
Christian Flotho, Freiburg, Germany. Hypermethylation in JMML - target for therapy?
Ester Mejstrikova, Prague, Czech Republic. Flow cytometry helpful in diagnosing MDS?
Charlotte Niemeyer, Freiburg, Germany. Clinical implications of genetics in JMML
Christian Kratz, Hannover, Germany. Predisposition to myeloid malignancies
Franco Locatelli, Rome, Italy. Stem cell transplantation in MDS beyond BuCyMel
Luiz Fernando Lopes, Barretos, Brazil. Establishing a National MDS reference center
Sujith Samarasinghe, London, UK. HSCT in SAA and RCC
Akiko Shimamura, Seattle, USA. Genetic approach to diagnosing bone marrow failure
Colin Sieff, Boston, USA. Pathophysiology and therapy of Diamond-Blackfan anemia
Brigitte Strahm, Freiburg, Germany. Immunosuppressive therapy in SAA and RCC
Marcin Wlodarski, Freiburg, Germany. GATA2 haplo insufficiency
Neal S. Young, Bethesda, USA. Pathophysiology of aplastic anemia

Abstract for oral or poster presentation are invited addressing;
*Diagnostics, Congenital BM failure syndromes. Aplastic anemia, MDS,
JMML, Therapy-related myeloid disorders, Therapy including HSCT*

Deadline for abstract submission June 15, 2015.

Deadline for early bird registration July 15, 2015
